Coronavirus and Seafarers Employment Agreement (SEA)

1. The purpose of this Merchant Marine Notice is to inform that with the outbreak of the Novel coronavirus (2019-nCoV), the WHO declared a state of global health emergency, causing massive uncertainty across the global trade, resulting in additional implication for the regular shipping operations.

2. The coronavirus outbreak coincided with the Chinese New Year holiday, and the Chinese government has taken the unusual step of extending the break for up to a week in order to reduce the spread of the contagion. Given the rapid spread of the virus it seems likely that the shutdown could be extended even further.

3. This policy is having an effect for crew changes. With extensive travel restrictions to and within China, moving personnel has become more difficult, and ports outside of China are carefully scrutinizing seafarers who have recently visited affected areas.

4. Is the purpose of this Marine Notice to inform that in those cases where it is not possible to change the crew due to this situation, this Administration consider appropriate to make an exemption to Standard A2.4.3, and Standard A2.5.1.2(b) of the Maritime Labour Convention, 2006, as amended, in order to extend the seafarers period of service on board, due to the WHO global health emergency which stated:
Standard A2.4 – Entitlement to leave

3. Any agreement to forgo the minimum annual leave with pay prescribed in this Standard, except in cases provided for by the competent authority, shall be prohibited.

Standard A2.5.1 - Repatriation

2. Each Member shall ensure that there are appropriate provisions in its laws and regulations or other measures or in collective bargaining agreements, prescribing:

(b) the maximum duration of services periods on board following seafarer is entitled to repatriation – such periods to be less than 12 months; ...

5. In those cases where the exemption is required, please be informed that by the end of the extension provided all the seafarers will have the right to have their annual leave with pay, and to be duly repatriated, as prescribed by the Standard A2.4.3, and Standard A2.5.1.2(b) of the Maritime Labour Convention, 2006, as amended, accordingly.

6. Finally, be informed that the exemption given through this Fleet Safety Letter will be reviewed within a period of 45 (forty-five) days in which it will be decided whether the exemption granted is maintained or terminated.

7. Further Extensions / exemptions will be granted through an Authorization Letter issued by the VMSL-NY Office, and must be requested through one of VMSL’s Special Agent Offices located in either Japan, Korea or Istanbul (detailing the vessel name, and crew name and position on board) and attached with the following requirements:

a-Copy of Crew List of the vessel.

b-Copy of the Seafarer Employment Agreement (SEA) of each seafarer requesting the extension.

3. All efforts should be made where practical to make the appropriate crew changes as the conditions allow. LETTER OF COMFORT

31 December 2020

Sub: Extension of Merchant Mariner Credential Endorsements and Medical Certificates

TO WHOM IT MAY CONCERN:

This LETTER OF COMFORT provides guidance concerning a Seafarer's Certificate of Competency (CoC); Certificates of Proficiency (CoP); Medical Certificates and Drug Testing regarding the action being taken by Vanuatu Maritime Services, Ltd (VMSL) as the Administrator of the Vanuatu International Ship registry (VISR) due to the novel coronavirus and the disease it causes (COVID-19). VMSL is doing this in keeping with international guidance to meet the challenge of this disease and in response to a number of questions and concerns raised by the maritime industry and Seafarers.

VMSL has also reviewed statements by the International Maritime Organization (IMO) and other administrations to ensure alignment with respect to the extension of endorsements issued in accordance with the Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, as amended (STCW). VMSL is taking a pragmatic approach consistent with the IMO Secretary General's circular Letter No.4204/Add.5/Rev.1 dated 2 April 2020.

To mitigate the impact to the seafarers and the industry caused by the novel coronavirus disease COVID-19, VMSL is taking the following actions:

1. Vanuatu Endorsements and I.D. books issued based on a National CoC that have or will expire on or before 30 June 2021 will be extended pursuant to the extension granted by the National CoC letter of extension. Seafarers who are actively working on expired credentials that meet the expiration criteria must carry ALL expired credentials including the letter from the National Agency extending the National CoC with a copy of this notice.

2. STCW Endorsements: STCW Certificates requiring refresher courses that have or will expire on or before 30 June 2021 will be extended pursuant to the extension granted by the National CoC letter of extension. Seafarers who are actively working on expired credentials that meet the expiration criteria carry ALL expired credentials including the letter from the National Agency extending the National CoC with a copy of this notice.

3. STCW Medical Certificates: Normally STCW Medical Certificates and Drug testing are valid for 3 months from the expiration date in accordance with STCW Regulation I/9. Due to the Pandemic, Seafarers who are actively working on expired medical certificate are primarily extended to 31 March 2021 and must carry the expired certificates with a copy of this notice and are further extended until repatriated or allowed ashore to conduct medical and drug testing.

4. For Vanuatu National CoCs issued in the Oil and Gas industry such as but not limited to: OIM, Barge Supervisor, Ballast Officer, etc. that have or will expire on or before 31 March 2021 are extended until 30 June 2021. Seafarers who are actively working on expired credentials that meet the expiration criteria must carry the expired credential with a copy of this notice.

5. No application is required to be made for the aforesaid interim revalidation.

6. Notwithstanding the above, whenever the revalidation of the expired certificate is to be carried out, the normal fees will apply and the new validity date shall be for a period equal to the new National CoC expiration date or in the case of a Vanuatu National CoC five years from the original expiration date. In other words, no benefit shall accrue to the Seafarer due to the extension granted under this Letter of Comfort.

VML may be issuing additional guidance on the above Seafarer Certificates and other administrative measures that will be posted on its website: www.vanuatumaritimeships.com.
